**FastTrack Providers Listed By City**

FastTrack is an initiative of The Pennsylvania Academy of Ophthalmology (PAO) to facilitate the examination of diabetic patients to detect diabetic retinopathy. The PAO member ophthalmologists listed below agree to schedule diabetic patients on an expedited basis when requested by primary care physicians or the patients themselves. The PAO does not maintain information on insurance plans accepted by our members. It is the patient's responsibility to ensure the ophthalmologist they select participates in their plan.
